EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Page 1, line 28, "purple-cream colored petals" has been changed to --flowers with a red-purple center and light pink outer petals--.

Page 2, line 3, "purple-cream colored petals" has been changed to --flowers with a red-purple center and light pink outer petals--.

Page 2 of the specification, in Table 1, the designation "66D" (for petal color, upper surface) has been changed to --66C--.

Page 2 of the specification, in Table 1, the designation "66C" (for petal color, reverse surface) has been changed to --66D--.

The above changes in the specification were made by the Examiner so that the petal color designations in Table 1 would be consistent with the petal color designations set forth in the specification and so that the generic flower color description would be consistent with that in the abstract, such having been corrected by applicant responsive to the first Office action (mailed May 15, 2003).
